

DART ECO

ALL-PURPOSE CLEANER

Better for the environment...

- limited impact on the aquatic environment
- restricted amount of hazardous substances
- tested for cleaning performance

...better for you EU Ecolabel: IT/020/008

GENERAL DESCRIPTION

DART ECO is a product formulated accomplishing to the Ecolabel Norms (UE) 2017/1217, for all-purpose cleaning to be used for cleaning windows, glasses and mirrors. The product may be used to clean finger prints, dust and grease from glass and laminate surfaces.

DART ECO contains surfactants with total aerobic biodegradability and anaerobic biodegradability and it allows a reduced impact on the aquatic life and a reduced use of hazardous substances.

DIRECTION FOR USE

Spray **DART ECO** on the surface and dry out with paper or microfiber cloth.

If used for computers or other electronic devices do not spray directly on the surface but clean with paper or cloth moistened with the product.

The product is available in 750 ml bottles and 5 lt tank. We recommend to re-use the bottle and the trigger by pouring the product from the tank to reduce packaging waste.

TECNICAL DATA

Appearance	light blue liquid
Perfume	flowery
pH	7.5 ± 0.2
Density at 20°C	0.986 g/ml
Active contents	12.5%

Chemical composition – Reg. (EC) 648/2004

- Non ionic surfactant : conc. < 5%
perfumes

The product contains surfactants with primary biodegradability at least 90% and ultimate aerobic biodegradation complying with Reg. (EC) No. 648/2004.

WARNINGS

Do not inhale the nebulized product. Do not mix with other detergent. The product is not suitable for large scale cleaning. The recommended dose saves money and minimizes the environmental impact. Dispose of packaging including the cap and labels in the appropriate plastic containers only when it is completely empty.

Labelling

Warning

Causes serious eye irritation.
Read carefully the safety data sheet before use
