

REMANENTS *Fresh*

LIQUID CONCENTRATED DEODORIZERS

GENERAL DESCRIPTION

Very concentrated compositions based on natural fragrances. They can be used after the cleaning operations to leave behind an agreeable and persistent scent.

The **REMANENTS** are used to perfume any place and are particularly suited for toilets, for poorly aired or crowded rooms, offices, rest homes, etc.

The turnover of the fragrances is very much appreciated by the users of the locals.

DIRECTION FOR USE

Vaporize **REMANENTS** along the borders of the floor. Pour a few drops in the sinks, showers, wastebaskets, toilet brush, etc.

REMANENTS be used pure or diluted at 5% and sprayed on corners.

REMANENTS can be added in small amounts to the rinsing water after the washing with floor machines.
