

SPRAY NC

**WAX FREE SPRAY-BUFFING AID FOR HIGH SPEED
MAINTENANCE OF METALLIZED FLOOR POLISHES**

GENERAL DESCRIPTION

SPRAY NC is a liquid spray buffing product to be used in combination with a medium or high speed machine for the maintenance of metallized floor polish films. It cleans and regenerate the film.

SPRAY NC is a wax free and low solids solution. It does not clog the pads and it enables spray-buffing of large surfaces areas to a superior "wet look".

DIRECTION FOR USE

Apply **SPRAY NC** to a small area after dust mopping and buff with a high speed machine like Novadisc 850 or Novadisc 1500 with a cream pad to remove the traffic dirt and the black heel marks and to enhance gloss up to the "wet look".

Best results are obtained on floors treated with ULTRAS, MONOMANO, MEGA, RESACRYL 2000.

In case of very damaged films that require to add more floor polish use METAL SPRAY.

TECHNICAL DATA

Appearance	green liquid
pH	8.5 ± 0.3
Density	1.024 g/ml
Dry solids	2%
Active contents	6%

Chemical composition – Reg. (EC) n. 648/2004

- Non-ionic surfactants : conc. < 5%

- Anionic surfactants : conc. < 5%

Perfumes

The product contains surfactants with primary biodegradability at least 90% and ultimate aerobic biodegradation complying with Reg. (EC) No. 648/2004

WARNINGS

The product is not classified as dangerous.
