

# STRIP ECO

DETERGENT AND WAX STRIPPER ECOLABEL

Reg. Nr. UW 1345  
ECOLABEL AUSTRIA

## GENERAL DESCRIPTION

**STRIP ECO** is a detergent and wax stripper at buffered pH for the removal of floor polishes and for the cleaning of floors. Formulated according to the Austrian Ecolabel criterias.

It is particularly suitable for the stripping of the Ecolabel floor polish LUCE ECO.

**STRIP ECO** at the use's dilution does not make foam. That controls slipping of the floor during washing and allows a better use of the vacuum cleaner.

It can also be used on alkali-sensitive surfaces.

## DIRECTIONS FOR USE

Prepare a 20% solution (2 litres in 10 litres of water possibly warm). Apply the solution with a floor machine equipped with a brown or green pad, let act around ten minutes then working in bands of about 5-8 square meters. Vacuum off the residues. Rinse with water (possibly warm) operating in the similar way and vacuum off.

## TECHNICAL DATA

Appearance	Colorless liquid
pH	10.3 ± 0.1
pH 20%	9.3 ± 0.2
Density	1.013
Active contents	38%
VOC (Volatile Organic Compounds) Directive 1999/13 / EC	15%

### Chemical composition - Reg. (EC) 648/2004

- Non-ionic surfactants	conc. < 5%
- Anionic surfactants	conc. < 5%
- Soap	conc. < 5%

The product contains surfactants with primary biodegradability at least 90% and ultimate aerobic biodegradation complying with Reg. (EC) No. 648/2004.

## ECOLOGICAL CHARACTERISTICS

The product is formulated according to the Austrian Ecolabel criterias. Low content of VOC solvents (Volatile Organic Compound less than 20%), absence of APEO, absence of formaldehyde derivatives.

No EDTA, no DTPA, no phosphorous, no Aromatic hydrocarbons.

The packaging is made with 50% of recycled polyethylene.

Use the suggested dosages to reduce the environmental impact.

Dispose canisters, caps and labels, when completely empty, into the plastic recovery bins.

## WARNINGS

### Labelling

### Danger

Causes serious eye damage.

Read carefully the safety data sheet before use.
